## Schoology:

We will be using Schoology as our main source of communication. Be sure to check daily for class updates, assignments, and reminders. All assignments will be completed and turned in as PAPER copies in class so that students may SHOW ALL WORK for all assignments.  
NO WORK = NO CREDIT

## Topics to be covered this year:

1<sup>st</sup> Semester: foundations of Geometry, Logical Reasoning, Properties of Lines & Transversals, Triangle Properties, Triangle Similarities

2<sup>nd</sup> Semester: Right Triangles, Polygons, Quadrilaterals, Functions & the Coordinate Plane, Transformations, Circles, Composite Figures, 3D Solids, Surface Area & Volume, Probability

## Conference & Tutorial times:

### Conference periods:

4<sup>th</sup> (10:41-11:27 AM)

8<sup>th</sup> (2:44-3:30 PM)

### Tutorial Times:

7:40-8 AM & 3:30-4 PM

## Grades:

Tests: 40%  
Quizzes: 30%  
Daily Work: 30%

## Grading Policies:

- **Tests:** Students will test at the end of each unit (generally two units per 6 weeks). Students MUST show their work for FULL CREDIT. Students will have the chance to fix any mistakes in class after being graded. **Students will have one class period to finish the test.**
- **Quizzes:** At least 2 quizzes will be given each 6 weeks. Work must be shown to receive FULL CREDIT. There will also be a Folder grade & an Outstanding Math Guide (OMG) grade at the end of the six weeks. This should be an easy A, and help keep you organized!
- **Assignments:** These will vary and should be turned into the tray. Students MUST show their work to receive FULL CREDIT.

## CORRECTIONS:

Any quiz or test of any grade will be able to be corrected for ½ points back as long as they follow the Correction Form. **The student will have ONLY 1 week to turn in their corrections.**

## LATE WORK POLICY: (see attached for more info)

1 day late = max grade of 95

2 days late = max grade of 90

3 days late = max grade of 85

4 days late = max grade of 80

5 days late WILL RESULT in a zero (unless made up in MWM)

If a student has 2 zeroes at ANY time, you **WILL** be assigned Midweek Makeup.

## Make-up WORK:

Attendance is incredibly important. If for some reason class is missed, it will be your responsibility to keep up with what you missed and to come in outside of class to catch up if needed. If a test or quiz is missed, you will need to come in outside of class time to take it on the day you return to school. If you miss an assignment, you have the amount of days you missed to make up the work. If a student misses later in the week, the weekend will count as days and assignments may be due the following Monday.

## BINDER Organization:

Students are required to keep an organized binder at all times. This will be graded once every six weeks.

The binder should be organized into 5 sections:

1. Warm Ups
2. Outstanding Math Foldable (OMG)
3. Notes
4. Homework
5. Quiz/Test

## Technology policy:

Please bring your Google Chromebook to class every day. No other technology is needed including earbuds. Please put all phones in your backpack or the **Phone Charging Station (PCS)** – out of sight. If you are on your phone or smartwatch (texting), your device will be taken up and turned into the office.

During tests, all phones **MUST** be placed in the **PCS**.

## Supplies:

- Pencils
- 1-1.5" Binder (can give if needed)
- 5 tab divider
- Your Google Chrome Book
- Notebook paper
- Folder (with prongs & pockets)

## CLASS RULES:

**1. Be Polite with others.**

**2. Try new things.**

**3. Come to class prepared.**

**4. Keep your hands to yourself.**

**5. Always do your Best**

**• Follow all rules stated in the Student Handbook**
