901 State Programs – Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current percentages and program intent code (PIC) are noted below by program:

▪ Special Education	52%	PIC 23
▪ Career & Technical Education	58%	PIC 22
▪ Gifted & Talented Education	55%	PIC 21
▪ State Compensatory Education (SCE)	52%	PIC 24-30 (except 25& 27)

902 Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed at: <http://www.ecfr.gov/cgi-bin/text-idx?SID=bce3e6e14adb00a7863cc39935f3e35e&node=sg2.1.200.a.sg0&rgn=div7>

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

General Provisions:

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

1. The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The same conflict of interest questionnaire that is used for other district functions shall be utilized for compliance with this provision. The Local Government Officer Conflicts Disclosure Statement shall be completed by all district staff involved in federal grant awards: Superintendent, Finance Office, and Human Resources Administrator. Conflicts of interest, if any, shall be disclosed as appropriate. The CFO shall be responsible for overseeing and collecting the conflict of interest questionnaires.
2. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
3. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, the district shall report to the granting agency and pass-through entity, the extent of the fraud or violations. Also, the District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund. The Chief Financial Officer shall be responsible for overseeing, reporting, and documenting any fraud, abuse or waste of federal grant funds.

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting *unsolicited* gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of \$25 [IRS business gift limit] and an aggregate value of \$100 in a fiscal year. The unsolicited gifts or tokens may be a nominal meal, vendor exhibit promotional items, calendars, or other nominal value items not specifically excluded below:

- Items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Superintendent.

Pre-Federal Award Requirements:

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be “low”:

1. Timely submission of all required programmatic and financial reports
2. Complying with the federal grant award fiscal guidelines and allowable cost principles
3. Implementing grant management procedures and internal controls

If the District is determined to be a “high risk” district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a “low risk” entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

902.1 Grant Application Process

The district may be eligible to apply for “entitlement” or “competitive” federal grant funds.

Federal entitlement grant funds include, but are not limited to, No Child Left Behind (NCLB), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The “maximum” and/or “final” entitlement awards for the district are posted on the TEA Grants Management webpage at:

<http://tea.texas.gov/index4.aspx?id=5040>. The appropriate Grant Manager shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the TEA is also posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index2.aspx?id=2147487872>. The appropriate Grant Manager shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.

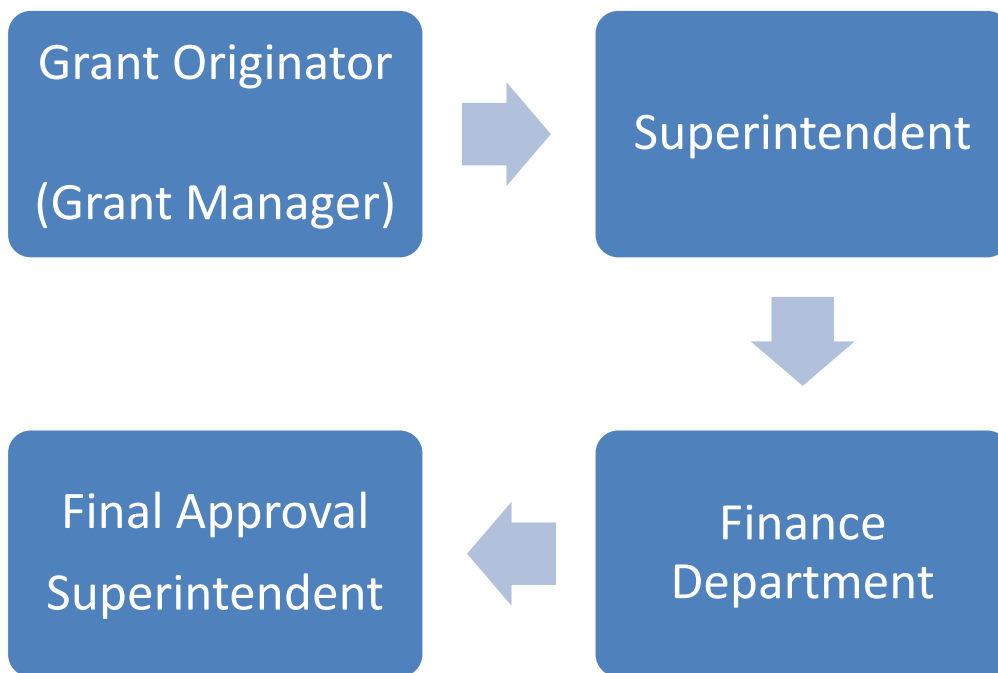

TEA’s Grant Opportunities webpage provides a wealth of information related to available grants such as: [<http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>]

- **Debarment and Suspension Certification**
- **Lobbying Certification**
- **Sample Application**
- **Deadlines and Due Dates for: grant application, amendments and grant reporting.**

All district staff involved in the management of federal grant awards shall be aware of these resources.

The school district’s grant application process for federal grants is illustrated below on a flowchart. As noted on the flowchart, all grant applications must be reviewed by the Superintendent, finance department, and Grants Manager. In addition, all grant applications that will support student instruction at one or more campuses, must be developed in collaboration with the respective campus principal(s). Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

The final approval of a grant application shall be the Superintendent.

The Grants Manager shall work collaboratively with the finance department to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district’s purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Grants Manager shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA):

- [Student educational field trips](#) – TEA Division of Grants Administration form
- [Hosting or sponsoring conferences](#) - TEA Division of Grants Administration form
- [Out-of-state travel](#) - TEA Division of Grants Administration form

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the current and future district's local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

TEA allows federal grant expenditures from the grant application "stamp-in date"; however, expenditures that require TEA's specific approval and not approved until the NOGA is issued.

902.2 General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The Grants Manager shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

Numerous resources are available on TEA's Provisions and Assurances webpage at:

902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The Business Department shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The Business Department shall monitor ongoing contracts to verify the contractor's compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

902.22 Lobbying Certification

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The Grants Manager shall execute a [Lobbying Certification Form \[Standard Form – LLL: Disclosure of Lobbying Activities\]](#), as applicable, if the district used funds other than federal grant funds for lobbying activities.

902.3 Budgeting Grant Funds

The finance department shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

Federal grant funds shall be budgeted and available for use by the start of the grant period.

Budget amendments, if any, shall be approved by the Grants Manager, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at:
[http://tea.texas.gov/Finance and Grants/Administering a Grant.aspx](http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx).

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Chief Financial Officer shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the CFO shall initiate the amendment process and collaborate with the Grant Manager prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The Finance Department shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

902.4 Standards for Financial and Program Management

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR).

902.41 Financial Management

The District's financial management system, Skyward, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data.

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district's Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (5) years in accordance with the district's Local Records Retention Plan. [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO), the Superintendent, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States.

The Superintendent shall be responsible for obtaining insurance and/or bonding, as appropriate.

902.44 Payment

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

In the event that the district receives an advance payment from a federal granting agency, the district shall ensure that it expends the advanced funds in a timely manner. Excess funds may earn interest, which may require return to the federal granting agency if the interest meets the federal threshold.

The district has determined that it will not accept advanced payments for federal grant funds.

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a "draw-down" of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The Chief Financial Officer shall be responsible for preparing the draw-down of federal grant funds. Draw-downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

The TEA Payment Form shall be prepared and certified by the Chief Financial Officer prior to completing the on-line [or manual] draw-down procedure. To ensure that the district does not draw down any advanced funds, the draw down shall occur after the 10th of the following month to ensure that all payroll-related liabilities, such as federal taxes and Texas Teacher Retirement System deposits, have been disbursed from the districts bank accounts. The draw-down of payroll expenditures shall be net of all accrued wages and payroll liabilities.

902.45 Cost sharing or matching funds

The Grant Manager over each federal grant award shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the

grant. At a minimum, the Superintendent and the Finance Department must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object or local option code to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds shall be subject to the Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (CFR 200.306).

902.46 Program Income

The district will not generate any program income as part of a federal grant award.

If program income activities are approved, the Grant Manager over the activities shall ensure that the costs of generating the program income are not federal grant funds, are nominal in cost, are offset from the program income and meet all federal requirements.

The district will not retain any program income earned through the federal grant program.

902.47 Period of performance (Obligations)

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Grant Manager shall notify the appropriate departments of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in **TEA's General and Fiscal Guidelines**.

The Grant Manager shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities.

902.5 Procurement Standards/Expenditure of Grant Funds

Expenditures of grant funds shall be through the documented purchasing, finance or payroll department processes in place for non-grant funds, but shall have additional requirements as noted below to ensure full compliance with federal cost principles.

902.51 General Procurement Standards

The district shall comply with the general procurement requirement of the EDGAR (2 CFR 200). The district shall utilize a purchase order and encumbrance system to manage the expenditure of all federal grant funds unless other methods such as credit cards, petty cash, direct payments, etc. are authorized in the district's operating procedures. All purchases shall be in accordance with the district's School Board Policies (CH Legal and Local) and the district's Purchasing Procedures. **The district purchasing procedures shall comply with all federal, state and local procurement requirements.**

Purchasing Efficiency Strategies

All purchases with federal grant purchases shall be in accordance with the federal regulations, specifically CFR 200.318. All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items. The district shall implement the following strategies to maximize federal grant funds:

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate

- Develop vendor selection criteria to select the best vendor
- Avoid "time and materials" contracts if other alternatives exist
- Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner

- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

Conflict of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. In addition, no employee, officer or agent of the district may neither solicit nor accept gratuities, favors or anything of monetary value from contractors or parties to subcontractors. - Arbitrary restrictions that are not essential to the bid/proposal specifications

A vendor database shall be maintained by in Skyward. The district's adding/removing vendor procedures shall be adhered to for all purchases. Vendor selection shall include the following criteria:

- Has not been debarred or suspended from contracting under federal grants

Micro-Purchase Procedures

The **Procurement by Micro-purchase** may be most frequently used method due to the frequent purchase of goods or services that are less than \$10,000, as defined in CFR 200.67. The district shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the district exceeds the state law thresholds, or the district's threshold in Board Policy CH Legal or Local. The finance/accounts payable departments shall distribute micro-purchases equitably among qualified vendors.

Small Purchase Procedures

The Procurement by Small Purchase Procedures shall be used by the district when the purchase of goods or services does not exceed \$50,000, as required in TEC 44.031 and Board Policy CH Local which is more stringent than the Simplified Acquisition Threshold (CFR 200.88). Sealed Bid Procedures

The **Procurement by Sealed Bids** method shall be used by the district when the purchase of goods or services exceed \$50,000 (and the item cannot be obtained through a purchasing coop) if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Bids must be solicited from an adequate number of bidders, but no less than two (2) bidders
- Bids must be publicly advertised and bidders shall be provided an adequate amount of time to prepare and submit their bid.
 - The district shall publicly advertise all bids in accordance with state law, i.e. at least two (2) times in two separate weeks
 - The district shall provide no less than ten (10) days for bidders to prepare and submit their bids
- Bids must contain detailed specifications to ensure that bidders have a clear understanding of the goods or services that the district is seeking to purchase
- Bids must specify the time, date and district location where bids will be opened publicly

- Bids will be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting.
 - If no bidder is recommended, the district shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process
- The district shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate
- The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

Competitive Proposal Procedures

The **Procurement by Competitive Proposal** method shall be used by the district when the acquisition of the goods or services exceeds \$50,000 and does not lend itself to a fixed price contract. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting
 - The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
 - The district shall evaluate each proposal by committee or no less than two (2) district staff with knowledge of the RFP specifications
 - In accordance with state law, the vendor who is ranked highest as providing the “proposal most advantageous to the district” shall be notified of the potential award
 - The district may negotiate with the vendor only as it relates to potential cost savings
 - If the district and vendor ceases to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2nd highest ranked vendor.

Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by the district when the purchase of goods or services is from a “sole source vendor”. A sole source vendor is defined as a vendor that meets the following requirements:

- The goods or services are only available from a single source
 - The district shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process

 - The district shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate
 - The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations

Other Procurement Guidelines

Regardless of the procurement method, the district shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation.

The district shall comply with the federal regulations related to the procurement of recovered materials (CFR 200.322) and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of \$250,000, the district shall perform a cost or price analysis on every procurement. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The Superintendent shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts. The Contract Procedures and Checklist are applicable to all federally funded contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district's Local Records Retention Schedule.

902.6 Property Standards

The district shall safeguard all property (assets and inventory) purchased with federal grant funds under the same guidelines as property purchased with local funds. Additional insurance for property purchased with federal grant funds shall be acquired if specifically required by a federal grant award. The Chief Financial Officer shall oversee the acquisition of insurance for all federally funded property.

Real Property

The district has not and will not use federal grant funds to purchase real property.

Equipment and Supplies

The district shall use federal grant funds to purchase equipment and supplies under \$5,000 (per unit) and with a useful life of less than one year. The district shall not use federal grant funds to purchase intangible property or capital assets. The federally-funded equipment/supplies shall be used only for the authorized purposes and shall be disposed of, at the end of the useful life or end of the grant period, in accordance with the grant award guidelines. The district shall/shall not use the federally-funded equipment to generate program income. The federally-funded supplies shall be used only for the authorized purposes. Any residual (unused) supplies, in excess of \$5,000 in total aggregate value, at the

end of the grant program or project may be used for any other federal grant program. Otherwise, the supplies shall be retained by the district or sold, but must reimburse the granting agency for the district use or sell of the supplies. The district shall implement purchasing deadlines for the purchase of federally-funded supplies to ensure that residual supplies are not available at the end of the grant period or project.

902.7 Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency's policies, and the district policies and procedures.

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary
 - A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
 - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards
- Be authorized or not prohibited under State or local laws or regulations.
- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits.
- Be adequately documented.

The district shall utilize the Allowability/Allocability of Costs Worksheet to verify that all proposed obligations and expenditures meet the Cost Principles. If the Worksheet reflects that the proposed obligation and/or expenditure is not allowable and/or allocable to a federal grant award, the district shall not make the obligation/purchase with the federal grant funds. Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known

credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. The Accounts Payable Manager and CFO shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

The District's indirect cost rate is determined by TEA based on documentation presented in the indirect cost rate proposal submission. The TEA assigned indirect cost rate is also the federally accepted indirect cost rate.

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the 2 CFR 200.403. In addition, the costs must meet the general provisions for selected items of cost (2 CFR 200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the district's allowability rules.

The Grant Manager shall maintain an up-to-date roster of all grant funded staff to include the position title, annual salary, and funding source(s) by percentage. Budgeting of grant funded staff

The roster of grant funded staff shall be the basis for budgeting of grant funded staff. The percentage of time in each funding source shall be utilized by the finance department to create and enter the salary portion of the grant budget and to enter the payroll distribution account code (s).

In addition, the finance department shall ensure that the Grant Personnel Schedule of the grant application matches the budget and payroll account code(s). For example, if the Grant Personnel Schedule for Title I, Part A includes a position of a "008 – Counselor (6119)", the budget and payroll account code distribution shall be entered in a 6119 object code.

The grants management, human resources and finance departments shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

Time and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)

The staff funded 100% from one grant source do not have to maintain periodic time and effort records. However, all supervisors must certify in writing, at least semi-annually, that their employees that are paid 100% out of grant funds worked solely on the program for the period covered by the certification. The employee's immediate supervisor must sign the Semi-Annual Certification Form and/or an approved "substitute system".

The timeline for semi-annual certifications shall be once per academic semester to coincide with teaching assignment each semester.

The Grant Manager shall collect and review all Semi-Annual Certification Forms. Any certifications that reflect a percentage other than 100% shall be forwarded to the finance department for adjustment of the grant payroll expenditures for the certification period. Steps should also be taken to ensure that the staff member's work schedule is adjusted to 100% grant related, or is changed from the semi-annual certification method to time and effort reporting. The Grant Manager shall file the certifications for audit purposes.

The finance department shall prepare a journal ledger entry to correct the account distribution code(s) as appropriate. The Accounts Payable Manager shall post the entry to the finance general ledger.

- 1) Do not work 100% of their time in a single grant program
- 2) Work under multiple grant programs
- 3) Work under multiple cost objectives

These employees are required to maintain a Time and Effort Worksheet or to account for their time under a substitute system. Employees must prepare time and effort reports at least monthly to coincide with the district pay periods. Such reports must reflect an *after-the-fact* distribution of 100 percent of the *actual* time spent on each activity and must be signed by the employee and their immediate supervisor. Charges to payroll must be adjusted to coincide with preparation and submittal of the interim expenditure report required for TEA discretionary grants.

Grant-funded staff under this category shall complete a Time and Effort Worksheet to include the date, grant source, percentage worked in the grant source per day and the summary for the month (or pay cycle). The staff member and his/her immediate supervisor shall sign the time and effort report. The timeline for time and effort reports shall be once per month to coincide with the monthly payroll cycles as noted below:

Monthly payroll [25th of the month] – Time & Effort reports are due by the 10th of the month for the prior month.

The immediate supervisor shall submit all signed time and effort reports to the Grant Manager. The Grant Manager review shall consist of the following:

- 1) A review of the time and effort reports to compare the summary percentage of grant-related work per funding source to the budgeted percentage utilized to charge the monthly payroll charges
- 2) If the time and effort report reflects the same percentage, the report may be filed for audit purposes
- 3) If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and forward the reconciliation to the finance department for adjustment of the payroll charges on the general ledger.

The finance department shall prepare a journal entry to reclassify the expenditures as noted on the reconciliation of the time and effort report(s). According to federal regulations, the final amount charged to each grant award must be accurate, allowable and properly allocated. The finance department shall post all variances greater than 10% to the general ledger; otherwise, the variances shall be posted prior to the final expenditure report.

Time and Effort Substitute System

The US Department of Education (USDE) and the Texas Education Agency (TEA) have authorized the use of a substitute system for time and effort.

In the event that the district determines that it is in its best interest to use the Time and Effort Substitute System, the Management Certification shall be completed, signed by the Superintendent and filed with TEA in accordance with the established deadlines. **Extensive training of staff shall occur at the time the system is implemented to ensure that all grant-funded staff and the grants management and finance departments are aware of the requirements of this system.**

902.74 Non-Payroll Expenditures

Direct non-payroll expenditures include contracted services, supplies, travel and equipment. The expenditure of federal grant funds for non-payroll costs shall adhere to the district's purchasing policies and procedures. In addition to the normal purchasing process, all grant funds must be approved by the Finance Department and Grants Manager for each respective grant program, as appropriate.

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.
- Monthly payroll liability payments such as federal taxes, Social Security/Medicare taxes, Teacher Retirement System, wage garnishments and insurance/elective deductions have been distributed, as appropriate.
- Accrued wages and accrued liabilities shall be deducted from the expenditures reflected on the general ledger because they represent future disbursements.

At no time shall the district draw-down any “advanced” cash payments, unless specifically allowed by the granting agency.

If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.

The draw-down of grant funds from the granting agency shall be initiated by the Chief Financial Officer. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds.

Upon review of the detailed summary general ledger, the finance department shall prepare the paper or electronic draw-down request. The amount of the receivable shall be recorded on the general ledger and a copy of all supporting documentation such as the detailed summary general ledger and any other supporting documentation shall be filed for audit purposes. The CFO shall prepare the journal ledger entry and the A/P Manager shall post the receivable to the finance general ledger.

If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the finance department shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The Finance Department shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage.

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period. The draw down process shall be the same as a periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds. The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (CFR 200.415) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Finance Department shall certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

By signing this report, I certify to the best of my knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. I am aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject me to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final draw down deadline is missed, the CFO shall contact the granting agency to determine if a process exists to request a filing deadline extension. TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.

The receivable from the granting agency shall be recorded in the general ledger. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to. The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.

Receipt of Grant Funds

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded reconciled by at least two (2) individuals to ensure segregation of duties.

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the event that the grant funds received do not match the recorded receivable, the finance department, or

CFO, shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The CFO shall prepare the adjusting journal ledger entry and the A/P Manager shall post the entry to the finance general ledger.

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

Tracking and Recording Receivables

On a regular basis, the finance department shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The CFO shall prepare the journal ledger entry and the A/P Manager shall post the entry to the finance general ledger.

902.8 Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

902.81 Supplement, Not Supplant

The term —supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the Superintendent, grants management, finance department and campus administrators. All departments shall receive training and be aware of the supplement not supplant provisions.

The Business Department shall review and approve all purchase orders (and non-purchase order payments). The Grant Manager review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.
- 2) The grant funds will be used for specific grant activities included the grant application that are above and beyond the activities funded with local funds
- 3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

902.82 Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [TEA Title I, Part Comparability of Services Guidance Handbook, 2013]

The Business Department shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD). The district is currently exempt from the comparability requirements due to the single campus grade spans. The Superintendent shall complete and submit the Comparability Computation Form (CCF) with the noted exemption to TEA by the annual mid-November deadline.

In completing the CAD and CCF, the CFO shall follow the process outlined below:

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
 - a. List all campuses in the CCF comparability testing
 - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
 - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
 - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
 - e. Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
 - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the Superintendent and Grants Manager shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate to until the district is in compliance with the comparability requirement.

902.83 Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those

specified costs may not be charged as direct costs to the grant under any circumstances. [[TEA Indirect Cost Handbook, 2014](#)]

The district has applied for an Indirect Cost Rate extension through the pass-through entity (TEA) for a four (4) year period, from FY 2016 to FY 2019. After the extension period, the district shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The Finance Department shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The CFO shall prepare a general ledger entry for the indirect costs. The A/P Manager shall post the entry to the finance general ledger.

902.84 Maintenance of Effort

The district shall comply with the No Child Left Behind (NCLB) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

NCLB MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [[TEA NCLB MOE Handbook](#)]

The CFO shall compute the MOE using the TEA [NCLB LEA MOE Determination Calculation Tool](#), with assistance of Region 9 ESC before the end of the fiscal year. Non-compliance with NCLB MOE will result in a reduction of NCLB funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the NCLB MOE falls below the required level, the Business Department and Grants Manager shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or "maintaining effort"), as described in the Methods of Determining Compliance section. [[TEA IDEA-B MOE Guidance Handbook, 2014](#)]

The CFO shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#), with the assistance of Region 9 ESC before the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local

level. If the IDEA-B MOE falls below the required level, the Finance Department and Region 9 shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

NOTE: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long term purchase of equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Grant Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The finance department shall provide these amounts to the Grants Manager to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the finance department shall be submitted to the Grant Manager, as appropriate.

902.85 Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

- 1) Programmatic reports such as activity, progress and evaluations – Grants Management department, which is Region 9 ESC for the NCLB Consolidated Grants
- 2) Expenditure reports such as interim, draw down and final expenditure reports – Finance department
- 3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – Region 9 ESC, Finance Department
- 4) Highly Qualified Staff reports – Region 9 ESC and Human Resources

The Grants Manager shall monitor that all reporting requirements have been completed by the appropriate department.

902.86 Grant Monitoring and Accountability

The district shall ensure that all grant funds are consistently monitored throughout the grant period. The monitoring shall include, but not be limited to:

- Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
- Monitoring of grant expenditures are properly documented and meet all allowable costs
- Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
- Implement strategies to deter, mitigate and eliminate waste and fraud in the expenditure of grant funds

The Grant Manager for each federal grant shall be responsible for the programmatic and evaluation compliance and the Finance Department shall be responsible for the financial compliance. This is a collaboration between the Business Department and Region 9 and the campuses that receive grant funds.

The Grant Manager shall monitor the timing of grant activities throughout the grant period, especially as they relate to the desired outcomes. The Finance Department shall monitor the timing of grant expenditures, especially as they relate to the period of availability of grant funds. If either the grant activities or grant expenditures reflect that the district will not accomplish the grant activities during the grant period, the Grant Manager and Finance Department shall work collaboratively to develop an action plan to ensure that the federal grant goals are met.

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district's external auditors, granting agency or other oversight agency, as appropriate.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The finance, human resources and grant management staff shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent, or designee, shall approve the Corrective Action Plan and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors). Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance, but shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds are accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- Account for any real and/or personal property on hand at the end of the grant period

902.9 Grant Awards

List of Federal and State Grant Awards are available from the applicable Grant Manager.
